Directions:

The three activities along the left side are recommended each night. All total you should spend 30 - 40 minutes, with most of your time spent reading.

The other six boxes are suggestions. Some take more time than others.

If you choose to complete a research project, your classmates would love to hear about what you learn. If you have another idea for how to organize your research you are welcome to use your method.

Not all are meant to be turned in. If you would like me to see what you are doing, I am happy to look over your work. When you choose MobyMax, I can logon and see your progress.

Spelling tests will be on Fridays (beginning 9/16) and multiplication quizzes will be on Wednesdays (beginning 9/14). Everyone will start with 2s on 9/14.
