

BULLYING AND HARASSMENT REPORTING FORM

If you are being bullied or harassed, talk to an adult at your school today.

Sometimes people don't get along. This is not always bullying. **Bullying and harassment** are behaviors that make someone feel intimidated or offended.

Bullying and harassment are unfair, one-sided, repeated and one person may be using their power over another person.

Reports of harassment, intimidation, or bullying may be made anonymously, although disciplinary action based solely on an anonymous report is not permitted. If you share your name, it will be kept confidential and a staff person can follow-up with you.
