Introduction

SMT Guide Introduction

The Staffing Management Tool (SMT) is a Portland Public Schools custom component within PeopleSoft HRMS. It was first used in staffing for the 2006-2007 school year. The SMT replaced the job requisition process and is the method for PPS departments and schools to inform HR, Budget, Grant Accounting, Special Education, and ESL of changes to employees and vacancy and recruitment needs. In 2007-2008, the user interface was redesigned to streamline the data entry process and provide more meaningful data for all users.

The purpose of this document is to demonstrate the functions of the SMT and discuss the data entry required for managing staffing changes within the SMT.

This guide contains six sections, an index, and an appendix. The sections are as follows:

Introduction

This section offers an overview of the SMT layout, discussion of each page of the SMT, common features and general functionality across the SMT. The objective for this section is to orient users with the layout, and tips and tricks for navigation through the SMT.

Reports

The Reports section discusses the three reports available to all users: the SMT Detail Report, the SMT Staff Roster report and the Position Detail Roster report. The objective is to explain the contents in each report and the steps to running them through PeopleSoft's Process Scheduler.

Scenarios

This section, in a scenario format, addresses the decisions users are faced with when making staffing changes. It includes cross-references to SMT actions required to manage a given scenario and steps for actions that could be used to accomplish the scenario.

Actions

As employee or vacancy needs change, Principals and Department Managers need to communicate those changes via the SMT. These changes are triggered by selection of predefined Actions. Examples of changes to employees include unassignments, changes to funding, transfers, terminations and leaves of absence. The objective of this section is to explain all steps for entering each action in the SMT using screenshots from the actual tool.

Submitting and Re-Opening Your SMT

After all changes have been entered into the SMT, Principals and Department Managers need to submit the SMT for approval and processing. This section shows how to Approve & Submit and Re-Open for additional editing.

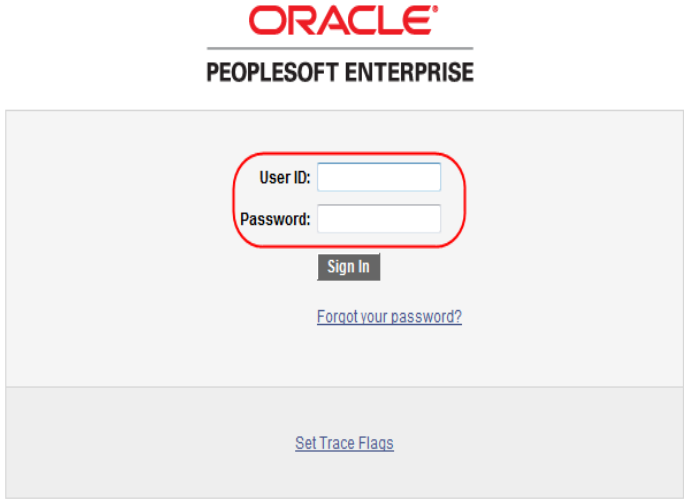

Approval Process

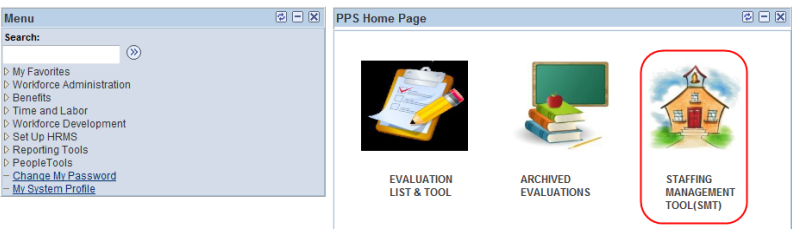

Once the SMT is submitted, the five departments' approvers (Budget, Grant Accounting, Human Resources, Special Education, and ESL) review and approve actions. This section provides an overview of the process.

Getting Started in the SMT

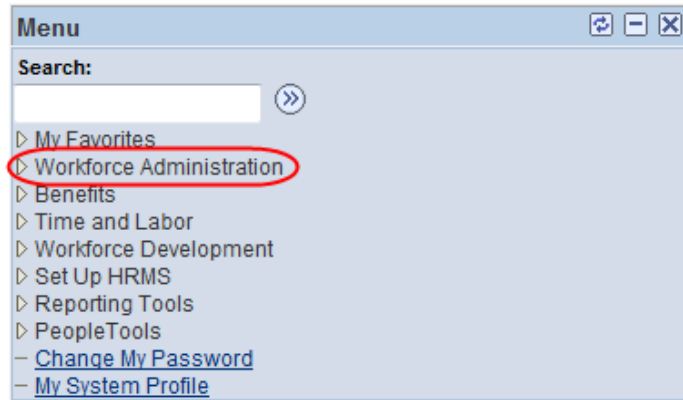

In this section, you will log in to PeopleSoft HRMS and navigate to the SMT for your department and location. You will view the Staffing Summary, Limited Term Staffing Summary, Funding Summary, and Allocations & Balances pages.

You will use your District username and password to log in to PeopleSoft HRMS.

<p>Step 1: Click on the link to PeopleSoft HRMS on PPS Inside or enter the URL into your internet browser.</p> <p>Step 2: Enter your username and password</p> <p>Step 3: Click on Sign In</p>	
---	---

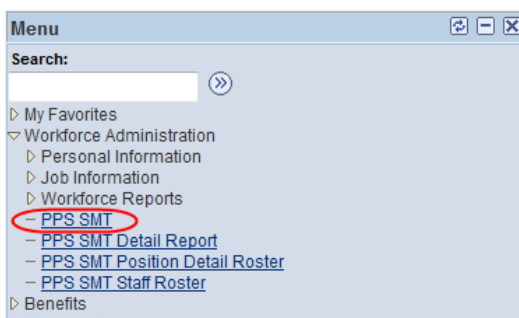

<p>Step 4: Click on the SMT icon, then proceed to Step 7. If you do not have icons displayed, follow steps 5 & 6.</p>	
--	--

Step 5: Click the **Workforce Administration** link on the left side of the page.

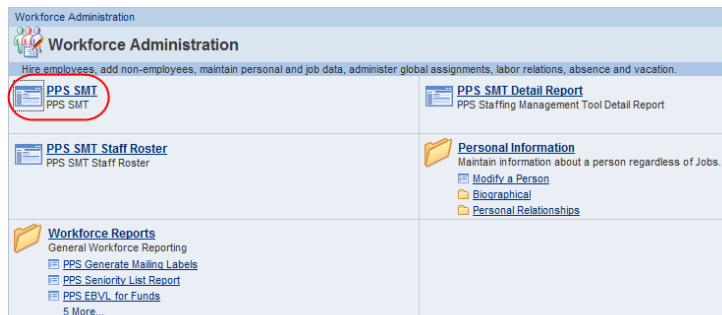

Step 6: Click on one of the links to the **PPS SMT**.

You can click on the link in the left column or on the icon in the center of the page.

OR

Step 7: Enter Fiscal Year, your Department ID and Location ID.

Hint for selecting Fiscal Year:
Choose the year that the school year ends in. Example: for the 2013-2014 school year, select 2014 as your Fiscal Year.

You **MUST** enter **BOTH Department ID and Location ID** to be able to *make changes* to your SMT. You can view an SMT by Department or Location alone.

You can use the Magnifying Glass to look up your Department ID or Location ID if necessary.

Step 8: Click Search.

Using SMT Features

This section shows how to use SMT page and grid features, select an employee or position record from the Staffing Summary and Limited Term Staffing Summary pages, add rows for new actions, delete a row to correct a mistake, and explains the difference between the OK, Cancel, and Apply buttons.

Page and Grid Features:

SMT Help: Click on this button to go to the SMT Help Page on PPS Inside.

Employee Lookup: Use this button to find any employee on any SMT by Employee ID, Name, or Position Number, to see information about all the places an employee works.

Run SMT Roster: Runs the SMT Roster Report for the SMT combination you are currently in.

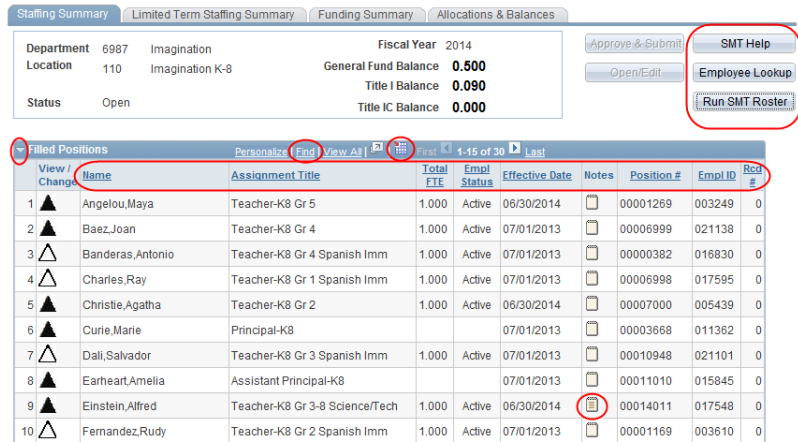

Hide Grid Arrow: Click on the  button to hide any of the grids/sections. For example, you can use this to hide the Filled Positions section.

Find: You can use this link to search for any item in a particular grid. It will return the row(s) to the top of the grid.

Open in Excel: You can click on the  table button to download the data to Excel.

Sorting by Column Name: You can click on any of the underlined columns to sort the data by that column (for example, you can sort by Assignment, Total FTE, etc.).

Notepad: You can click on the  button to add notes about an employee or position.

The screenshot shows the 'View/Change' interface for an employee. At the top, there are fields for Department (6987 Imagination), Location (110 Imagination K-8), and Employee (016830 Banderas, Antonio). To the right, there are balance fields: General Fund Balance (0.500), Title I Balance (0.090), and Title IC Balance (0.000). A 'Notes' icon is also present. On the far right, there are buttons for 'SMT Help' and 'Actions Glossary', both of which are circled in red in the original image.

Below this is a grid with columns: Effective Date, Seq, Action, Name, Empl ID, Rcd #, Position #, and Assign. The first row shows: 07/01/2013, 1, Baseline, Banderas, Antonio, 016830, 0, 00000382, and Teacher Spanis. The second row is partially filled with a date field and a dropdown menu.

At the bottom of the screenshot, there are three buttons: 'OK', 'Cancel', and 'Apply', all of which are circled in red in the original image.

The report is complete!

You have now run a PPS SMT Detail report for your department and location.

SMT Staff Roster Report

This report shows your FTE allocations by funding category, a list of employees and vacant positions, using FTE within these categories, and balances available. Limited Term positions are listed separately below FTE positions. The report can be run from within the SMT or from the menu. When run from within the SMT, it will automatically include any SPED, ESL, or District-funded Immersion positions at your location.

Step 1: You can run the PPS SMT Staff Roster by pressing the “Run SMT Roster” button on the Staffing Summary page.

It will automatically default to the department and location of the SMT you are in. Special Ed and ESL positions will be included if any are present at your location. The Roster will display as a PDF file.

The screenshot shows the 'Staffing Summary' page with the following details:

- Department: 6987 Imagination
- Location: 110 Imagination K-8
- Fiscal Year: 2014
- General Fund Balance: 0.500
- Title I Balance: 0.090
- Title IC Balance: 0.000
- Status: Open

Buttons include: Approve & Submit, SMT Help, Open/Edit, Employee Lookup, and Run SMT Roster (circled in red).

Step 3: If this is your first time running the SMT Staff Roster from the menu, you will need to Add a New Value to create a new Run Control ID.

Step 4: Enter a name for the new Run Control ID. Join names of more than one word with an underscore (“_”).

Step 5: Click Add to finish creating a Run Control ID.

The screenshot shows the 'PPS SMT Staff Roster' page. At the top, there are two buttons: 'Find an Existing Value' and 'Add a New Value'. The 'Add a New Value' button is circled in red. Below these buttons is a text input field labeled 'Run Control ID' containing the text 'Staff_Roster', which is also circled in red. At the bottom of the form, there is an 'Add' button, which is circled in red.

Step 6: Select the name of the Run Control ID you will use for this report.

NOTE: You can create and save separate run controls for different sets of parameters. You can also create just one run control and change the parameters on it as necessary.

The screenshot shows the search interface for 'PPS SMT Staff Roster'. It includes a search bar with 'Find an Existing Value' and 'Add a New Value' buttons. Below the search bar is a 'Search Criteria' section with a 'Search by:' dropdown set to 'Run Control ID begins with' and an empty input field. There is a 'Case Sensitive' checkbox. A 'Search' button is circled in red. Below the search section is a 'Search Results' table with the following content:

The 'Staff_Roster' entry in the table is circled in red.

Step 7: Enter the Fiscal Year for the SMT Staff Roster.

Step 8: Enter the Department and Location Code. You can run the report for your department and location without Special Ed, ESL and Immersion (by leaving the boxes unchecked), or you can run a report for only Special Ed or ESL or Immersion at your location (by entering the SPED or ESL or Immersion Department number and your Location number).

NOTE: If necessary, you can use the  to look up the Department and Location Code.

Step 9: Click Save to save these parameters with the Run Control ID.

Step 10: Click Run to start the report.

Step 11: Select Window for the report output type.

Step 12: Select the Format for the report. You should select either PDF or CSV.

NOTE: You can select CSV if you would like the report to open in Excel. Selecting PDF will open the report in Adobe Reader.

Step 13: Click OK to run the report.

Step 14. For PDF files, **Click Save a Copy** at the top of the page to keep a copy of this report. For CSV files, press F12 to save as an Excel document.

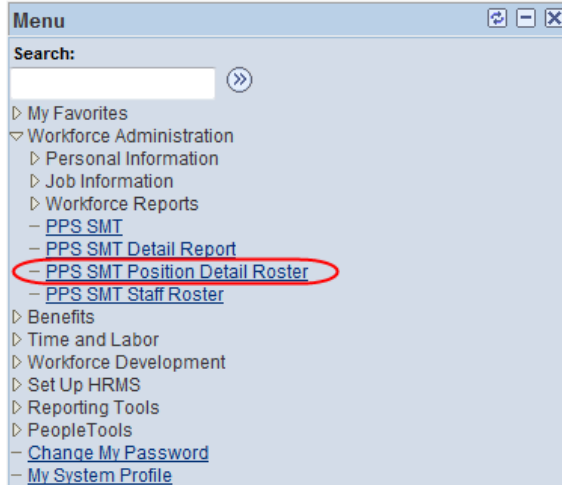

The report is complete!

You have now run a PPS SMT Staff Roster Report.

The report is complete!

You have now run a PPS SMT Position Detail Roster report for your department and location.

Scenarios

Retirements and Resignations

When an employee elects to end their employment, they must complete and submit the PPS Employee Resignation form. On the SMT, you will use the **End Employment** action.

This action zeroes out the employee's FTE and automatically creates a vacancy at your department / location for the position the employee is leaving. You will also need to manage the vacancy.

Step 1: Use the **End Employment** action. This action should be used to indicate resignation, retirement, termination, or break in service from the District – voluntary or involuntary. If an employee is changing SMT department/location combinations, please see the [Transfer Out scenario](#) instead.

- Please reference the [End Employment action](#) section of this User Guide for step-by-step instructions.

Step 2: You will also need to manage the vacancy that is automatically created. Please reference the [Manage Vacancies scenario](#) to view available options for this situation.

Unassignments

A building or program may need to unassign an employee if there is a program change and/or a reduction in allocated FTE that makes it necessary. Please make sure you verify the contractual requirements before you unassign an employee (reference the *Frequently Asked Questions* in the Staffing Handbook and/or the specific union contract). Please contact your staffing team member with any questions.

If an employee is being fully or partially unassigned from your department / location, you will use the SMT Unassignment action.

Step 1: Use the Unassignment Action

- Please reference the [Unassignment action](#) section of this User Guide for step-by-step instructions.

NOTE: No vacancy is created for this position.

Step 2: Complete an unassignment notice and give to the affected employee. Send a copy of the unassignment notice to Human Resources.

- Unassignment notices are available on the HR Website under Staffing Handbook or by calling your Staffing Team member.

Manage Leaves of Absence

One of your employees is requesting a Leave of Absence (LOA). Have the employee send the Leave Request form and supporting documentation to the Leave Specialist in Human Resources. Once the LOA has been **approved or denied**, you will receive an e-mail from the Leave Specialist.

Please remember the following Leave of Absence guidelines:

- If the Leave is for a classroom teacher AND under 30 calendar days, teacher/site should request a Substitute.
- If the Leave is for a classroom teacher over 30 calendar days but less than 60 calendar days, teacher/site should request a Substitute who is HQ in appropriate license area.
- If the Leave is for a classroom teacher or certified employee AND over 60 calendar days, teacher/site should hire a Temporary Teacher.
- Contact your Staffing Team member regarding classified employees.
- Never enter a denied Leave of Absence into the SMT.

Step 1: Enter a Leave of Absence action row for the employee. All long-term Leaves of Absence, partial and full, must be entered into the SMT.

- **NOTE:** The system will automatically create a “Leave Backfill” position in the vacancy section for the amount of FTE the employee is on an LOA. The backfill will mirror the position number, funding, and description of the EE who is taking the LOA.
- Please reference the [Leave of Absence action](#) section of this User Guide for step-by-step instructions.

Step 2: Manage the Vacancy. See the [Manage the Vacancy scenario](#) to view options for the vacancy created for the Leave Backfill.

- Leave Backfill positions are automatically created in Recruit (post) status. No action is needed on your part if you wish to post this vacancy.
- Enter any applicable notes on the notepad, including the dates you would like the vacancy posted (contractual requirements must apply)

Step 3: When the Leave has ended. Use the [Return from Leave action](#) if the employee is returning or the [End Employment action](#) if the employee is not returning at the end of their Leave of Absence.

- Be sure to take action on the employee who is backfilling the Leave vacancy, by [Changing an Employee’s Assignment](#) or [Ending Employment](#). This way, FTE will not double-count for both the employee returning to a position and the backfilled position.
- Once the filled Leave Backfill position is vacated again, you must add the [Inactivate Position action](#). Please reference the Inactivate Position action section of this User Guide for step-by-step instructions.

NOTE: If you have employees who are currently on a **Leave of Absence** they will have been returned from Leave by your HR Staffing Team member just prior to the new SMT becoming available to you for editing.

- If the employee will remain in full or partial Leave status for the new year, use the [Leave of Absence action](#) to place them on leave and be sure their former position (or part of it) exists either as a vacancy or has been filled by a temporary employee.

Transfer Out of Department and Location

If an employee is transferring out of your department / location SMT combination, you will use the SMT **Transfer Out** action.

This action zeroes out the employee's FTE and automatically creates a vacancy at your department / location for the position the employee is leaving. You will also need to manage this vacancy.

Step 1: Complete the **Transfer Out** action.

- The "from" department / location will show an FTE of 0 for the employee. This employee's FTE will no longer count toward this location's FTE balance.
- Please reference the [Transfer Out action](#) section of this User Guide for step-by-step instructions.

Step 2: You will also need to [Manage the Vacancy](#) that is automatically created. Please reference the Manage Vacancies scenario to view available options for this situation.

FTE Change

If the FTE for an employee or vacant position is changing, you will use the SMT [Modify Position](#) action.

Please reference the Modify Position action section of this User Guide for step-by-step instructions.

NOTE: The Modify Position action is NOT to be used in place of Unassignment.

Please see the [Unassignment scenario](#) if an employee is being unassigned.

Work Days Change

If the number of work days per year is changing for an employee or vacant position, you will use the SMT [Modify Position action](#).

Please reference the Modify Position action section of this User Guide for step-by-step instructions.

Funding Change

If the funding for an employee or vacant position is changing, you will use the SMT **Modify Position** action.

A change in the funding source, program, class, fund, or project/grant is considered a funding change and will require the [Modify Position action](#).

Please reference the Modify Position action section of this User Guide for step-by-step instructions.

NOTE: Position to be funded by another department

If another department / location SMT combination is picking up all of an employee's funding, you will use the action **Transfer Out** instead of **Modify Position**. Please see the [Transfer Out of Department and Location scenario](#).

NOTE: Position to be funded by multiple departments

If another department / location SMT combination is picking up only a portion of the employee's funding, you will use Modify Position to decrease the amount of FTE your department is funding. See the [Modify Position action](#) for more information. Please enter a comment in the Notes that indicates the department and the amount of FTE it will fund. Fill a new or vacant position for that amount of FTE in the appropriate department.

Employee Assignment Change

If an employee's assignment is being modified, or if an employee is changing assignments in your building, you will use the **Modify Position** or **Transfer Within** actions.

The **Modify Position** action is used to correctly reflect the subject(s) taught, or to make a correction to a position title. The **Modify Position** action does not create a vacancy and may be used in the Filled or Vacant Positions Sections.

The **Transfer Within** action is used when an employee will be filling a position previously occupied by another employee on the same SMT department / location combination, or filling a new position. The **Transfer Within** action zeroes out the employee's previous FTE.

Note: It also automatically creates a vacancy for the position the employee is leaving at your department/location. You can read about options for this vacant position in the **Manage Vacancies** scenario.

Actions Required:

Option 1: Change the Position Title

- Example: Teacher-HS Chemistry/Integ Sci to Teacher-HS Chemistry/Physics
- Please use the [Modify Position action](#) section of this User Guide for step-by-step instructions.
 - **Note:** In some cases, changing a title will result in a Funding/Chartfield change.

Option 2: Transfer an employee into a vacant position from within your Department/Location

- Add a [Transfer Within action](#) for the employee you want to move into the vacant or new position. Please reference the Transfer Within action section of this User Guide for step-by-step instructions.
- Add a [Fill Vacancy action](#) to the specified vacant position on the View/Change page for this employee. Please reference the Fill Vacancy action section of this User Guide for step-by-step instructions.
- [Manage the Transfer Vacancy](#). The system generates a vacancy for the employee's previous position (See **Manage Vacancy** scenario).

Location Change

Use this action only if your Department has multiple Locations where employees could be assigned (Special Education, ESL, some schools and some Central Office Departments). This action can only be used if the Department number will remain the same for the “from” and “to” locations.

If you have an Employee who will perform the same assignment in a different location from where s/he currently works, you will use the **Location Change** action. You may also move existing Vacant positions from one location to another.

- The [Location Change action](#) is the only necessary action for this scenario. Please reference the Location Change action section of this User Guide for step-by-step instructions.

NOTE: The “from” location will show an FTE of 0 for the employee. This employee’s FTE will no longer count toward this location’s FTE balance.

The system will automatically generate a Location Change row for this employee’s new record at the “to” location. The employee’s working FTE will be now be counted towards this location’s FTE balance.

A Note will automatically generate indicating the “from” and “to” location information.

Manage Vacancies

Your SMT may have a vacancy in the Vacant Positions section resulting from a Request for New Position, an action taken in the Filled Positions section (for example, Resignation or Leave of Absence), or a previously existing vacancy. Your program needs and the allocated FTE/grant funding will determine what will happen with the vacancy. Use the options below to help you determine how to manage your vacancies to meet your staffing needs.

Decision: Will you retain the position?

No - Enter action of [Inactivate Position](#). FTE will zero out. Please reference the Inactivate Position action section of this User Guide for step-by-step instructions.

Yes - Go to options below.

- Reminder: Please ensure that employee being placed in the position is appropriately licensed and NCLB Highly Qualified

Option 1: Recruit for it as-is

Vacancy status of Recruit tells HR that you intend to keep this position in your program, and you want HR to recruit for the position (via posting, reviewing applicant pool, etc). If you want HR to recruit for the position as-is, no further action is necessary. Recruit is the default Vacancy Status.

Option 2: You want to **Modify the Position** by either changing the Title, FTE, Funding, or Work Days.

Please reference the [Modify Position](#) action for step-by-step instructions.

Option 3: You want to **Fill the Vacancy** as it exists

Please reference the [Fill Vacancy](#) action section of this User Guide for step-by-step instructions.

- If the employee is already working in your department and location, you will need to move the employee out of his/her current position in the Filled Positions section with a Transfer Within action.
- If the employee is from another department or not a PPS employee, complete the Recommendation to Fill form and send to HR.

Request New Position

If allocated FTE or other approved funding is available for an additional position(s) at your department/location, you will use the SMT to **Request a New Position**. To Request a New Limited Term Position, please see the **Request New Limited Term Position** scenario.

- To request a new position, use the button available at the bottom of the Staffing Summary page. View the [Request a New Position action](#) for more details.
 - This new vacancy row will be visible in the Vacant Positions section of the Staffing Summary Page, with the Assignment and FTE displayed, the Vacancy Status set to Recruit, and a system-generated position number displayed. The funding will most often default to General Fund unless you select a different funding source.
- You will then need to [Manage the Vacancy](#) once it has been requested. Please reference the Manage Vacancies scenario to view available options for this situation.

Request New Limited Term Position

If you will be hiring a limited term employee, you will use the SMT to **Request a New Limited Term Position**.

- To request a new limited term position, use the button available at the bottom of the Limited Term Staffing Summary page. View the [Request New Limited Term Position action](#) for more details.

Balancing FTE

The Balance columns on the Allocations and Balances page indicate whether the SMT is balanced in each of the funding groups. Additionally, the General Fund and Title I balances are displayed at the top of each page.

If a funding group is balanced, the Balance column will show 0.00 FTE. If the filled and vacant positions together total less than the allocation, the remaining FTE will display as a positive value in the Balance column. If the Used Filled plus Used Vacant FTE totals more than the allocation, the overage will display as a negative value in the Balance column. Overages display as red fields.

Please note the following exceptions to balancing within specific funding groups.

- If a General Fund Kindergarten or Counselor allocation has been provided, that FTE must be used in order to Submit your SMT. If you will not use the full allocation, please contact your Budget Analyst for an adjustment. You may choose to use more FTE than allocated in these funding groups.
- Once the General Fund Kindergarten and Counselor requirements are met and administrative FTE is used appropriately, the General Fund need only balance by overall category.
- If a General Fund Arts allocation has been provided, the FTE must be used and balance at 0.00.
- Special Ed and ESL funding groups must balance at 0.00.
- The Foundation funding group will not receive allocations. Please work with your Grant Accountant to ensure that funding is available and approved.
- The "Other" funding group will not receive allocations and will always display as an overage. Please work with your Grant Accountant to ensure that funding is available and approved.
- Be sure to follow the requirements for your department regarding any specific allocations.

When an FTE-based Funding Source has a negative balance overall, vacancies using this funding cannot be filled. When an attempt is made to Fill Vacancy or Fill Sub, the user or approver will be unable to Save and must cancel the action. A message informs the user that they have exceeded their FTE allocation and need to contact their Budget Analyst. Please contact the Budget Analyst and, if appropriate, Grant Accountant for assistance.

Listed below are options for bringing a funding group into balance when it's over its allocation.

Option 1: Change funding for existing employees and vacancies to other available and appropriate sources. Please see the [Modify Position](#) action for details on how to change funding.

Option 2: As the program allows, inactivate or decrease FTE for vacant positions. Please see the [Manage Vacancies scenario](#) for details on inactivating a vacancy and the [Modify Position](#) action for details on how to decrease FTE.

Option 3: Decrease FTE for existing employees who had temporary increases for the previous school year.

Option 4: After all other options have been exhausted, you may need to ask staff in your building if they are willing to *voluntarily* unassign themselves (the staff member's position would not be saved) or request an unpaid leave of absence to help balance FTE at the building. If staff members are not able to accommodate the requests you will need to unassign an employee (either partially or fully).

For unpaid Leaves of Absence, see the [Manage Leaves of Absence scenario](#). For voluntary or involuntary unassignments, verify contractual requirements and see the [Unassignment scenario](#).

Option 5: If none of the above options have resolved your balance issue, please contact your Regional Administrator or Program/Department Director.

Actions

End Employment

The steps below demonstrate how to **End Employment**.

The Employee Resignation form is required for ending employment.

Step 1: Enter the Effective Date the employment will end.

NOTE: You must enter the Effective Date **before** you select any action. The Effective Date will become display-only after the action is selected.

Step 2: Select the End Employment action.

The screenshot shows the 'View/Change' interface for employee Charles, Ray. The 'Effective Date' field is highlighted with a red circle and contains the date 08/01/2013. The 'Action' dropdown menu is also highlighted with a red circle and shows 'End Employment' selected. Other fields include Department 6987, Location 110, and Fiscal Year 2014.

Step 3: Read the messages regarding Unassignment and Vacancies.

Step 4: Click OK to continue the End Employment process.

The first screenshot shows a message box with the text 'Note - Cannot be used in place of Unassignment' and an 'OK' button circled in red.

The second screenshot shows a message box with the text 'This action will create a vacancy. Click OK to continue or Cancel to re-enter a new action. (20000,36)' and 'OK' and 'Cancel' buttons circled in red.

Step 5: Verify the information in the new row, and note that the Posn FTE has changed to 0.00.

Step 6: Click OK to save the changes and return to the Staffing Summary page.

NOTE: If you click Cancel at this point, the End Employment Row will not be saved; however, the vacancy will have already been created and you will need to delete the vacancy.

NOTE: Using the End Employment action for a Limited Term employee will generally not create a vacancy.

The action is complete!

You have now Ended Employment for an employee. If you do not want HR to recruit for this position as-is, you must take steps to Manage the Vacancy.

Fill Vacancy

The steps below demonstrate how to **Fill a Vacancy**. You can use this action with any type of vacancy, including Leave Backfills and Limited Terms. Leave Backfills are generally filled with temporary hires.

The Recommendation to Fill form is required when filling a vacancy with an external candidate.

Step 1: Enter the Effective Date the position will be filled.

NOTE: You must enter the Effective Date **before** you select any action. The Effective Date will become display-only after the action is selected.

Step 2: Select the Fill Vacancy action. The overall funding source for the vacant position must balance or be positive in order to Fill the position.

Step 3: Enter the Name and Employee ID of the person you want to Fill the Vacancy.

Step 4: Click OK to save the changes and return to the Staffing Summary page.

The screenshot shows the 'ViewChange' form with the following details:

- Department: 6987 Imagination
- Location: 110 Imagination K-8
- Fiscal Year: 2014
- General Fund Balance: 0.500
- Title I Balance: 0.090
- Title IC Balance: 0.000

The table below shows the vacancy details:

Seq	Action	Name	Empl ID	Rcd #	Position #	Assic

The action is complete!

You have now filled a vacancy.

Inactivate Position

The steps below demonstrate how to **Inactivate a Position**.

Step 1: Enter the Effective Date for the position to be inactivated.

NOTE: You must enter the Effective Date before you select any action. The Effective Date will become display-only after the action is selected.

Step 2: Select the Inactivate Position action.

NOTE: You cannot edit the row after selecting Inactivate Position.

Step 3: Click OK to save the changes and return to the Staffing Summary page.

The screenshot shows the 'ViewChange' window. At the top, it displays Department 6987, Location 110, and Employee. It also shows Fiscal Year 2014, General Fund Balance 0.500, Title I Balance 0.090, and Title IC Balance 0.000. Below this is a table with columns: *Effective Date, Seq, Action, Name, Empl ID, Rcd #, Position #, Assignment Title, and Vacancy Status. The table has two rows. The first row has an effective date of 07/01/2013, Seq 1, and Action 'Vacancy'. The second row has an effective date of 07/01/2013, Seq 2, and Action 'Inactivate Position'. A dropdown menu is open for the second row, showing options: Fill Vacancy, Inactivate Position, Location Change, and Modify Position. The 'Inactivate Position' option is highlighted. Below the table, there are buttons for 'OK', 'Cancel', and 'Apply'. The 'OK' button is circled in red.

Step 4: Note that the  next to the row has changed to a , indicating a change.

The vacancy status has changed from "Recruit" to "Inactivate" and the Total FTE is now blank.

NOTE: Inactivated positions will be reflected immediately in your General Fund Balance and Title I balances at the top of the page.

The screenshot shows the 'Staffing Summary' page. At the top, it displays Department 6987, Location 110, and Status Open. It also shows Fiscal Year 2014, General Fund Balance 1.500, Title I Balance 0.090, and Title IC Balance 0.000. Below this is a table with columns: View / Change, Assignment Title, Vacancy Status, Total FTE, Effective Date, Position #, Name, Empl ID, Rcd #, Empl Status, and Notes. The table has 10 rows. The 8th row is highlighted with a red circle. It has an upward triangle icon, Assignment Title 'Assistant Principal-K8', Vacancy Status 'Inactivate', Total FTE blank, Effective Date 07/01/2013, Position # 00011010, Name blank, Empl ID blank, Rcd # 0, Empl Status blank, and Notes blank.

The action is complete!

You have now inactivated a position.

Leave of Absence

The steps below demonstrate how to create a Leave of Absence for an employee. You can **create a partial Leave of Absence or full Leave of Absence** for an employee. Full or partial Leaves of Absence must be entered into the SMT.

An employee MUST send the Leave Request and supporting documentation to the Leave Specialist in Human Resources. Once Human Resources has approved the leave, you will receive an email from the Leave Specialist.

You must perform the Return from Leave of Absence action when the employee's Leave of Absence has ended.

Step 1: Enter the Effective Date for the Leave of Absence.

NOTE: You must enter the Effective Date **before** you select any action. The Effective Date will become display-only after the action is selected.

Step 2: Select Leave of Absence from the Action list.

Step 7: The employee will now have two rows on the Staffing Summary page.

The first row reflects the amount of FTE the employee will work (from 0.000 - 0.999), and displays a status of "Active." The action name for this row is automatically updated to "LOA – Working FTE" when the FTE changes are saved.

A second row will display the amount of Leave FTE (.001 - 1.000) the employee is taking, with an employee status of "Leave." The action is called "Leave of Absence."

Note that the ▲s next to both rows are filled, indicating a change.

Step 8: In the Vacancy section, note the new "Leave Backfill" vacancy created as a result of the Leave of Absence action. It will have the same position number, funding, and description as that of the employee who is taking the Leave of Absence.

NOTE: Vacancies created by a Leave of Absence default to a Vacancy Status of Recruit. See the Fill Vacancy action (page 40) on filling the Leave Backfill position.

NOTE: A note attached to the vacancy will automatically be created and indicate the reason for the vacancy. For example, "Vacancy due to the Leave of Absence of Mouse, Mickey." The note will be added under the name of the person who performed the action.

The action is complete!

You have entered a Leave of Absence for an employee.

Location Change

If you have an Employee who will perform the same assignment in a different location from where s/he currently works and the Department number for which they work is not changing, you will use the SMT **Location Change** action.

Use this action only if your Department has multiple Locations where employees could be assigned (Special Education, ESL, some schools and some Central Office Departments).

You may also move existing Vacant positions from one location to another.

Step 1: Enter the Effective Date for the Location Change.

NOTE: You must enter the Effective Date **before** you select any action. The Effective Date will become display-only after the action is selected.

Step 2: Select Location Change from the Action list.

The screenshot shows the 'ViewChange' interface. At the top, there are fields for Department (6987 Imagination), Location (110 Imagination K-8), Employee (001347 Goodall,Jane), Fiscal Year (2014), and balances (General Fund Balance 1.500, Title I Balance 0.090, Title IC Balance 0.000). Below this is a table with columns: Effective Date, Seq, Action, Name, Empl ID, Rcd #, Position #, and Assignment Title. Row 1 shows a Baseline action for Goodall,Jane on 07/01/2013. Row 2 shows a Location Change action for Goodall,Jane on 07/01/2013. A dropdown menu is open for the Location Change action, listing options: End Employment, Leave of Absence, Location Change, Modify Position, Transfer Out, Transfer Within, and Unassignment. The 'Location Change' option is selected. Buttons for OK, Cancel, and Apply are at the bottom.

Step 3: Enter the new Location ID for the Employee.

Step 4: Click OK to save the changes and return to the Staffing Summary page.

NOTE: When you click Apply or OK, you will receive a message that tells you the change you requested took effect. Ex: "Location change has occurred. FTE at this location is now 0.000."

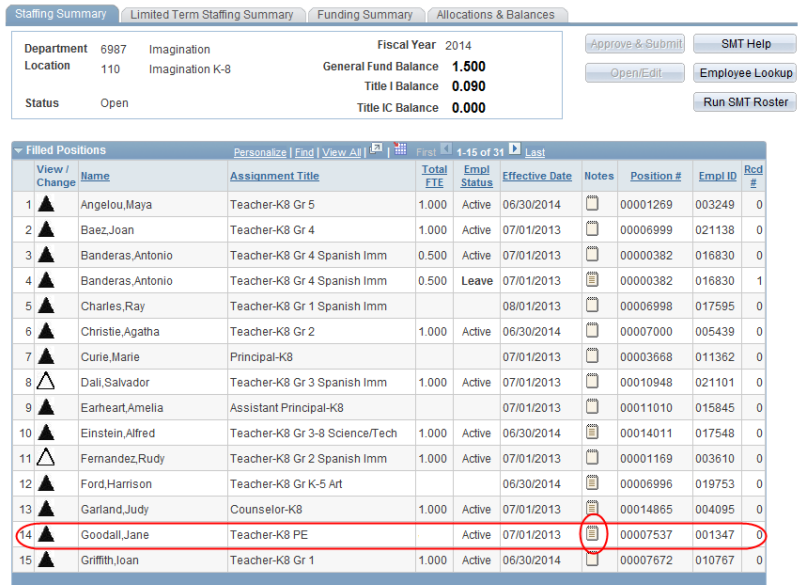

The screenshot shows the 'ViewChange' interface after the location change. The 'Location' field is now 6987. The table below shows two rows: Row 1 is the Baseline action, and Row 2 is the Location Change action. The 'Location' column for the Location Change row is now 6987. The 'OK' button is circled in red. Buttons for Cancel and Apply are also visible.

Step 5: Note the new FTE balances at the top of the page. The FTE allocation, if one existed, moves with the position to its new location.

Note that the  next to the row has changed to a , indicating a change.

The changed row will have a blank FTE for the original location.

Step 6: Click on the  in the changed row to see the system-generated notes about the Location Change.

Modify Position

You can use the **Modify Position** action to reflect the following changes in an employee's assignment: **Work Days, FTE, Position Title and Attributes, or Funding.**

Step 1: Enter the Effective Date of the Modify Position.

NOTE: You must enter the Effective Date **before** you select any action. The Effective Date will become display-only after the action is selected.

Step 2: Select Modify Position from the Action List.

The screenshot shows the 'ViewChange' interface. At the top, there are fields for Department (6987 Imagination), Location (110 Imagination K-8), Employee (005439 Christie,Agatha), Fiscal Year (2014), General Fund Balance (1,500), Title I Balance (0.090), and Title IC Balance (0.000). Below this is a table with columns: Effective Date, Seq, Action, Name, Empl ID, Rcd #, Position #, and Assignment Title. The first row shows an effective date of 07/01/2013, sequence 1, and action 'Baseline'. The second row shows an effective date of 07/01/2013, sequence 2, and action 'Modify Position'. A dropdown menu is open over the 'Modify Position' action, listing options: End Employment, Leave of Absence, Location Change, Modify Position, Transfer Out, Transfer Within, and Unassignment. Buttons for OK, Cancel, and Apply are at the bottom.

Step 3: If changing the Work Days, enter the new Work Days for the employee.

NOTE: You can click on the to look up Work Days.

Step 4: If changing the FTE, enter the new FTE for the employee.

Step 5: If changing Work Days and/or FTE only, click OK to return to the Staffing Summary page.

Step 6: If changing Position Attributes or Funding, click on Position Details.

The screenshot shows the staffing summary table. At the top, there are fields for Fiscal Year (2014), General Fund Balance (1,500), Title I Balance (0.090), and Title IC Balance (0.000). Below this is a table with columns: Name, Empl ID, Rcd #, Position #, Assignment Title, Vacancy Status, Empl Status, Dept ID, Loc, Work Days, Posn FTE, and Position Details. The first row shows Christie,Agatha with Empl ID 005439, Position # 00007000, Assignment Title Teacher-K8 Gr 1-2, Empl Status Active, Dept ID 6987, Loc 110, Work Days 190, and Posn FTE 1.000. The second row is identical. The '190' in the Work Days column and '1.000' in the Posn FTE column are circled in red. A magnifying glass icon is next to the '190'.

BEFORE POSITION DETAIL

ENTRY, PLEASE NOTE: Please make changes in the correct order, beginning with the Proposed Position Information, then moving to the Proposed Funding Distribution. Click Apply, then check the Chartfield Information and make changes if needed.

Step 7: If changing the assignment, review the Proposed Position Information. If making changes, edit the existing row(s) or use the   buttons to add or delete assignment rows as needed.

NOTE: If you delete an assignment row, click Apply prior to leaving the page.

NOTE: To change an assignment you will modify the position attributes such as Position Group, Position Type, etc.

NOTE: You can type the first letter of the word you're looking for to narrow the list of choices.

NOTE: If the assignment is IB or AP, check the appropriate box.

Step 8: Enter the Percent of Time the employee is working in each portion of their assignment. This should total 100.

Step 9: Click on Generate System Title or Click on Enter Custom Title.

NOTE: Generate System Title will use a system format for the title. The new Position Title will show in the blue box. If this does not accurately describe the assignment you may Enter Custom Title (the blue box will become an editable field.) If no selection is made, the title will populate as system-generated when the page is saved.

Step 10: If changing the Funding, review the Proposed Funding Distribution. If making changes, edit the existing row(s) or use the   buttons to add or delete funding rows as needed.

NOTE: To change the FTE distribution on Funding rows, do not zero out the FTE on one row, then add a new row. Instead, add the new row, enter the FTE for that Funding Source, then delete the zero FTE row.

NOTE: If you delete a funding row, click Apply prior to leaving the page.

Step 11: To change the Funding, select the Funding Source.

NOTE: When a Grant funding source is selected the Project/Grant number will auto-populate unless you choose "Other Grants". If you choose "Other Grants", you will need to identify the Grant number.

NOTE: When a grant number populates, the Grant End Date will display. This field cannot be edited.

Step 12: Update the Posn FTE with the appropriate FTE amount for each row.

NOTE: The distribution percentages and weighted FTE will calculate automatically.

NOTE: Until the New Position Request is approved, the Position Number will begin with "NEW".

The action is complete!

You have now requested a new position.

Request New Limited Term Position

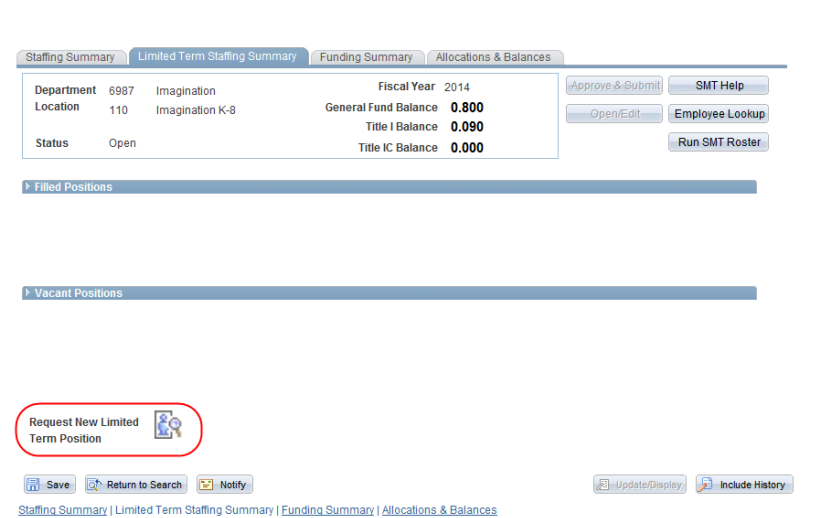

The process for hiring hourly wage Limited Term employees begins by creating a Limited Term position on the Limited Term Staffing Summary page of the SMT, providing funding information, then entering a Fill row. If the employee will be a new hire or a rehire (has a break in service of one day or more), submit a Recommendation to Fill form to the HR Department.

For stipend-funded Limited Term positions, please complete the new Recommendation to Fill form and submit it to the HR Department.

Step 1: Click on Request New Limited Term Position at the bottom of the Limited Term Staffing Summary page.

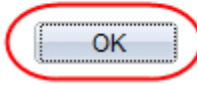

Step 2: Review the message and Click OK.

NOTE: Clicking Cancel at any point in this process will still create a new position. If you do not want to create the position, you will need to click on the  for the position on the LT Staffing Summary page, then click on the , click OK on the Delete Confirmation message, then click on OK. The position will no longer show on the LT Staffing Summary page.

Message

Please enter the actual start date for this position. (20000,325)

Step 3: Enter the **ACTUAL** start date of the new position (the Effective Date).

NOTE: Limited Term positions do not use FTE or set Work Days, so neither is entered on the View/Change page.

Step 4: Scroll to the right and **click on the Position Details link**.

NOTE: Until the New Position Request is approved, the Position Number will begin with "NEW".

The screenshot shows the 'View/Change' interface. At the top, there are fields for Department (6987), Location (110), and Employee. Below this is a table with columns: Effective Date, Seq, Action, Name, Empl ID, Pos #, Position #, Assignment Title, Vacancy Status, Empl Status, Dept ID, Loc, Work Days, Posn FTE, and Position Details. The first row shows '1' in the Effective Date column, 'Request New Position' in the Action column, and 'NEW01145' in the Position # column. The 'Position Details' link in the final column is circled in red. At the bottom, there are 'OK', 'Cancel', and 'Apply' buttons.

Step 5: Review the message and **Click OK**.

The screenshot shows a 'Message' box with a blue header. The text inside reads: 'Start filling in the details of this new position by selecting a Position Group. (20000,285) You will be prompted to fill in additional data as required.' At the bottom center, there is an 'OK' button circled in red.

Step 6: **Select the Position Group** (Licensed Limited Term or Non-Licensed Limited Term) for the New Position. Then select the **Position Type** from the drop-down list, and enter grades and Subjects if appropriate. Enter Percent of Time if multiple subjects or position types are selected. As always, you may customize the title if you wish.

NOTE: If you select one of the "Temporary Employee" position types, you will be taken to the **Note field** to enter information about the work to be performed so that HR can assign an appropriate position title.

The screenshot shows the 'Position Details' page. It includes fields for Department (6987), Location (110), and Employee. Below these are 'General Fund Balance 0.800', 'Title I Balance 0.090', and 'Title IC Balance 0.000'. The 'Position' field contains 'NEW01145' and 'LT Tchr-Hrly-K8 Music'. The 'Effective Dt' is '07/01/2013' and 'Posn FTE' is '0.000'. There is a table for 'Current Position and Funding Information' and a 'Proposed Position Information' section. The 'Proposed Position Information' section has dropdown menus for 'Position Group' (Licensed Limited Term), 'Position Type' (LT Teacher-Hourly), 'General Subject' (Music), and 'Specific Subject' (General). The 'Percent of Time' is set to 100%. At the bottom, there are radio buttons for 'Generate System Title' and 'Enter Custom Title', and an 'Assignment Title' field containing 'LT Tchr-Hrly-K8 Music'.

Step 7: Click on Generate System Title or Click on Enter Custom Title.

NOTE: Generate System Title will use a system format for the title. The new Position Title will show in the blue box. If this does not accurately describe the assignment you may Enter Custom Title (the blue box will become an editable field). If no selection is made, the title will populate as system-generated when the page is saved.

Position Group	Position Type	Lowest Grade	Highest Grade	General Subject	Specific Subject	IB	AP	Percent of Time
				Music	General			100 %

Step 8: Select the Funding Source for the position.

NOTE: There are new, required fields for Limited Term positions.

Step 9: Select the Budget Type (varies depending on Funding Source selected), and **Project/Grant** if appropriate.

Funding Source	Budget Type	Project/ Grant	Grant End Date
Other projects/grants	Project/Grant	G1258	12/31/2013

Step 10: Enter the Total Estimated Hours needed for the position and tab out of the field. At this point a **Total Amount** will be calculated for you. Please run a Budget to Actual Report to be sure you have the funds available to support this position.

Grant End Date	Total Est Hours	Proposed Hourly Rate	Standard Hourly Rate	Fringe Rate %	Total Amount
12/31/2013	250	40.89	40.89	28.520	

Step 11: Review the message and Click OK.

Fringe benefits have been included in your cost calculation. (20000,327)
Run a Budget to Actual report to verify that funds are available.

OK

NOTE: For most positions, a standard **Hourly Rate** will populate automatically. You may propose a different rate, but this will require review and approval by HR. The district **Fringe Rate** will be populated.

Step 12: **Enter a Proposed Hourly Rate**, if different than the Standard Hourly Rate.

Step 13: **Press Apply** to Save the information.

End Date	Total Est Hours	Proposed Hourly Rate	Standard Hourly Rate	Fringe Rate %	Total Amount

NOTE: Since Limited Term positions do not use FTE, this field will always display as a blank.

NOTE: Additional rows should be added as needed in the View/Change page to End employment, Modify the position (change the hours, funding), etc. These actions should be entered in the same manner as for regular FTE positions.

To move an employee from a Limited Term position to a regular position (or vice versa) on the same SMT, use the Transfer Within action. Then Fill the vacant position with that employee.

The action is complete!

You have now requested a new limited term position.

Return from Leave of Absence

The steps below demonstrate how to enter a Return from Leave of Absence into the SMT. It should be used for both partial and full Leaves of Absence.

Step 1: Select the LEAVE row of the employee who is Returning from a Leave of Absence.

NOTE: In most cases, an employee on a Leave of Absence will have two rows in the Filled Position section. One will reflect the Employee's *Active* FTE and the other the corresponding amount of *Leave* FTE. (The exception would be a single Leave row for an employee loaded into the SMT while on a full Leave of Absence.)

Step 5: The Staffing Summary page will now display two Active rows for the employee.

For help with combining two rows, contact your Staffing Specialist or Budget Analyst.

If you would like to combine these two rows into one, first check the funding for each row in case there is more than one source. Add a Modify Position row to the LOA-Working FTE row and increase the FTE to the full position FTE. Update proposed funding if needed. Go to the second Active row and add Inactivate Position after the Return from Leave row. The FTE zeroes out. After rollup occurs, a single row will display.

Step 13: The employee will now have three rows on the Staffing Summary page.

One row displays a status of Active and no FTE. This was the previous leave of absence row. For help combining the two Active rows, see step 5 of this section.

One row reflects the amount of FTE the employee will work and displays a status of "Active." The action name for this row is automatically updated to "LOA – Working FTE" when the FTE changes are saved.

The remaining row will display the amount of Leave FTE the employee is taking, with an employee status of "Leave." The action is called "Leave of Absence."

Note that the ▲s next to both rows are filled, indicating a change.

Step 14: In the Vacancy section, note the new "Leave Backfill" vacancy created as a result of the new Leave of Absence action. It will have the same position number, funding, and description as that of the employee who is taking the Leave of Absence; however, the position number will be changed by HR once the position is filled.

NOTE: Vacancies created by a Leave of Absence default to a Vacancy Status of Recruit. See the Fill Vacancy action (page 40) on filling the Leave Backfill position.

The action is complete!

You have now transferred an employee to a different position within your department and location.

Unassignment

The steps below demonstrate how to **Unassign** an employee. You can **Unassign** an employee fully (e.g. change their FTE to 0) or partially (e.g. 0.50 employee working at the site and 0.50 Unassigned).

Please make sure you verify the contractual requirements before you Unassign an employee.

Step 1: Enter the Effective Date for the Unassignment.

NOTE: You must enter the Effective Date **before** you select any action. The Effective Date will become display-only after the action is selected.

Step 2: Select Unassignment from the Action list.

The screenshot shows the 'ViewChange' interface for employee 005439, Christie Agatha. The table below shows the sequence of actions:

Seq	Action	Name	Empl ID	Rcd #	Position #	Assignment Title	Vacancy Status	Empl Status	Dept ID	Loc	Work Days	Posn FTE
1	Baseline	Christie Agatha	005439	0	00007000	Teacher-K8 Gr 1-2		Active	6987	110	190	1.000

3	Unassignment								6987	110		0.000

Step 3: Read the pop-up message information about Unassignment and Click OK to continue the Unassignment process.

The message box contains the following text:

Enter FTE the Employee will continue to work, or 0 if the unassignment is full. (20000,38)

Unassignment letter submission is required.

OK

Step 4: Enter the new FTE the employee will work. If you are fully unassigning the employee, enter "0.00".

If you are partially unassigning the employee, enter the new amount the employee will work (for example, "0.50").

Step 5: Click OK to save the changes and return to the Staffing Summary page.

The screenshot shows the 'ViewChange' interface with the 'Unassignment' row selected. The 'Posn FTE' field in the third row is circled in red, indicating where the user should enter the new FTE value.

Step 6: Note that the  next to the row has changed to a , indicating a change.

Also note that the FTE for a fully unassigned employee is now blank; for a partially unassigned employee the FTE will be reduced.

No vacancy is created as a result of the Unassignment action.

Step 7: Complete necessary Unassignment notices.

Send a copy of the Unassignment notice to:

- The affected employee
- Human Resources

Unassignment notices are available on the HR Website under Staffing Handbook or by calling your Staffing Team member.

The action is complete!

You have now unassigned an employee.

Submitting & Re-opening Your SMT

Submitting your SMT

When you have finished making changes to the SMT, you must Submit it. Doing so informs central office staff that you are ready for those changes to be processed. In addition, the SMT performs a final calculation to check FTE balancing within funding groups when the Approve & Submit button is clicked. If your funding groups are not balanced, you will need to make further adjustments and then Submit again.

ONLY department managers/principals or a manager-designated assistant will be able to Approve & Submit the SMT. If you wish to designate an assistant as an additional Submitter, please contact your HR Staffing Specialist.

You must balance or have FTE available in all allocated FTE funding categories before you will be able to approve & submit your SMT.

To Approve & Submit your SMT:

Step 1: Navigate to the Allocations & Balances or Staffing Summary page.

Step 2: Click the Approve & Submit button.

NOTE: To make any changes after Submitting, you will need to Re-Open your SMT.

The screenshot shows the 'Approve & Submit' button circled in red. The interface displays the following data:

Re-Opening Your SMT

The SMT is intended to be a year-round staffing management tool. After the initial Submit, you will need to open and edit your SMT to enter any additional changes about your workforce and vacant positions. Then, submit your SMT again for processing.

You can only re-open your SMT after it has been Submitted successfully. Managers, Users and Approvers all have the ability to re-open the SMT.

To Re-Open your SMT:

Step 1: Navigate to the Allocations & Balances or the Staffing Summary page.

Step 2: Click the Open/Edit button.

Step 3: Perform actions as needed, then press the Approve & Submit button from either the Allocations & Balances or Staffing Summary page.

Approval Process

Approval Process

There are five departments that are part of the approval process: **Budget, Grant Accounting, HR, SPED, and ESL**. Once you submit your SMT, your changes are reviewed, approved, and executed by the appropriate approver(s).

NOTE: You can view approval status from the View/Change page of a record OR by looking at the Position Details information for a position or employee.

The information will be the same in both locations.

Appendix

Appendix: Actions Glossary

Action	Definition	Result	Comments
End Employment	Use to indicate resignation, retirement, termination or break in service from the District - voluntary or involuntary.	FTE will display as 0.0 on this row. A vacancy is automatically created for the position. User is responsible for managing the vacancy.	Cannot be used in place of Unassignment.
Fill Vacancy	Use to Fill any vacant position.	Position information copies down. Enter an applicant or employee name and employee ID number (if current PPS employee).	Action is only available for use in the Vacant Positions section. May be entered by end user or HR.
Inactivate Position	Use when a position is no longer part of your program.	FTE on this row will display as 0.0.	Action is available for use in the Vacant Positions section and as an action subsequent to a Return from Leave of Absence.
Leave of Absence	Use when an employee will go on a Leave of Absence. Indicate the amount of FTE an employee will remain working (0.0 if full Leave of Absence).	A Filled position row with a status of "Active" will be created to indicate the amount of FTE the employee will work, even if 0.0. A Filled position row with a status of "Leave" will be created, indicating the amount of FTE the employee is on Leave. A Leave Backfill vacancy is created in the Vacant Positions section for the amount of FTE the employee will not work.	All Leaves of Absence must be entered on the SMT.
Location Change	Use to move a filled or vacant position from one Location to another within the same Department. (Position remains same, only its location changes.) Enter the new Location ID in the location field.	A note will automatically be added to the Notepad with information about the location change. The row remaining at current location will have 0.0 FTE. The row at the new location will have the associated FTE.	Primarily for ESL/Special Ed/Special Programs and some Central offices.

Action	Definition	Result	Comments
Modify Position	Use to indicate a change in Work Year, FTE, Position Title or Attributes, or Funding for an employee or vacant position. To modify an assignment, enter or modify the editable fields on the Position Details page.	Updated Work Year, FTE, Position Title or Attributes, or Proposed Funding Distribution will display.	Cannot be used in place of employee Unassignment. Check for correct endorsement(s) when appropriate.
Return from Leave	Use to return an employee whose employment status is Leave back into Active status.	Employee will return to former position and last identified funding.	Check that the correct Funding Group has been selected; change if necessary. Additional rows can be added as needed for further changes.
Transfer Out	Use to indicate an employee's transfer to a different Department / Location SMT combination.	Employee's FTE will display as 0.0 on this action row. This action will also automatically create a vacancy for the position the employee will no longer work. User is responsible for managing the vacancy.	
Transfer Within	Use to indicate an employee's transfer to another position within the same Department / Location SMT combination.	Employee's FTE will display as 0.0 on this action row. A vacancy must exist or be created in which to place the employee; make sure to Fill the employee in a vacant position. This action will also automatically create a vacancy for the position the employee will no longer work. User is responsible for managing the vacancy.	Check for correct endorsement(s) when appropriate.
Unassignment	Use to fully or partially unassign an employee from your site. Enter the amount of FTE the employee will continue to work at this Department/Location in the FTE field, from 0.0 to 0.999.	No vacancy will be created for this action.	HR will either place this employee in another position or the employee will be laid off.

System-Generated Actions			
Action	Definition	Result	Comments
Baseline	This is a system-generated action and is not available for selection.	Displays the filled or vacant position and funding information known in HR when staffing season begins.	This information is static and does not update automatically if changes occur after the SMT is loaded with data.
Leave Backfill	This is a system-generated action and is not available for selection.	This vacant position row is created as a result of an employee going on a Leave of Absence. Position information and vacant FTE that may need backfilling is displayed. User is responsible for managing the vacancy.	In most cases this vacant position will be Filled while the employee is on Leave. If not, place the vacancy in Hold status to retain the FTE for the returning employee. If the school year program will change and the FTE will be used elsewhere, Inactivate the position.
LOA – Working FTE	This is a system-generated action and is not available for selection.	Replaces the Leave of Absence action after the amount of working FTE is entered and the Active row is saved.	This action will only appear in the Filled Positions section.
Request New Limited Term Position	This is a system-generated action and is not available for selection.	This action defaults in when you click the Request New Limited Term Position icon	You are required to enter the Position Information and Funding Source.
Request New Position	This is a system-generated action and is not available for selection.	This action defaults in when you click the Request New Position icon.	You are required to enter the Work Year, FTE, Position Information and Funding Source. Funding Source defaults to General Fund, so be sure to select the correct source.
Updated - New Baseline	This is a system-generated action and is not available for selection.	The most recent changes made on both the SMT and in PeopleSoft are displayed after a nightly automated rollup process occurs.	
Vacancy	This is a system-generated action and is not available for selection.	A Vacancy row is created when an employee Ends Employment, Transfers to a different position Within the same SMT or Transfers Out to a different SMT Department / Location combination.
